Our Background

Invested in our communities.

Gravis Law, PLLC was born of the idea of serving people and communities across the nation by providing accessible and uncomplicated access to world-class legal services. Gravis' core values pave the way to success and sustainability by outlining ideal interaction with our clients, colleagues, and our community.

Gravis Public Relations Contacts

Our experience, leadership, and professionalism enable our success. Gravis Law has a bold plan to provide unparalleled access to world-class legal services in rural and mid-market locations throughout the United States. This mission will only be possible with a strong teams-based approach led by innovative leaders and managers.

Brett Spooner

Chief Executive Officer / President | brett@gravislaw.com

Brett is Gravis Law's CEO and dedicates much of his free time to the growth and expansion of small businesses and the entrepreneurial ecosystem in the Gravis' communities. Brett is passionate about creating positive change through democratizing access to law. In addition to Gravis Law, Brett is the founder of FUSE, SPC – a social purpose corporation focused on fostering business startups in Washington State's Tri-Cities region.

Randi Johnson

Chief Communications Officer | rjohnson@gravislaw.com

Randi Johnson's primary focus since earning her JD has been public service and community engagement. For many years, Randi practiced Social Security Disability law, Service Connect Veterans Disability law, and Special Needs & Young Family Estate Planning. Even as a small business owner, Randi was committed to servant leadership. She is a 2018 Leadership Spokane grad. She also serves on several Boards – Girl Scouts of Eastern Washington, Northern Idaho; National Association of Women Business Owners – NW Chapter, and more.

▼ Practice Areas and Services

Gravis Law's most central mission is to deliver "Law Uncomplicated" to the communities we service. In many cases, when Gravis becomes part of the fabric of a new community, we bring additional access to areas of law that those communities did not have before. For example, they may have had access to online legal services, but they didn't have the ability to walk in from the street at the local attorney's office and schedule time to set up their estate plan.

Gravis Law's suite of world-class legal services is expanding, but already meets many of the needs of the communities we are established in:

- Bankruptcy
- Estate Planning
- Criminal
- Business
- Contracts
- Arbitration
- Personal Injury
- SSI/SSDI
- Real Estate
- Probate
- Consumer Protection
- Taxation Law

▼ Case Studies

Most of Gravis Law's clients were once word-of-mouth referrals. We work diligently to "wow" our clients. In return, they are our greatest source of new clients.

Kayla D., Google Review

“

I was going through a hard time and needed a social security lawyer and the team at Gravis Law really walked me through everything.

Jane W., Facebook Review

“

[My attorney] was perfectly suited for my situation and provided necessary girl-to-girl empathy. She took the time to call me as opposed to email or texting. She takes an approach that focuses on what matters to the case. Overall, I am pleased with her work and recommend [my attorney] to anyone seeking a divorce attorney.

Adam L., Facebook Review

“

I've been working with [my attorney] from Gravis Law and couldn't be happier with his expertise and attention to detail. Thanks so much!

Susan T., Google Review

“

[My Gravis attorney] was efficient, courteous, patient, and professional. I would highly recommend him for any estate planning needs.
